

INCLINEA Uplighter

« INCLINEA LED : the tilting uplighter with contemporary design.
Ideal for reception areas and large manager offices. »

LIGHTING

Economic and efficient

INCLINEA uplighter is equipped with a LED bulb of 12W socket E27. Very low energy consumption compared with a halogen consumable. Lifetime of the source : about 20 000 h. Economic and quality lighting !

ERGONOMICS

Tilting adjustable

That uplighter is fitted with a handle located on the arm, allowing a tilting movement of the lamp according to the user's needs. INCLINEA enables to move the light on the work surface. The switch is located on the wire for an easy access.

QUALITY FINISH

A very nice product

The INCLINEA uplighter is made of brushed steel of high quality. Its lampshade in white fabric enables light to filter through.

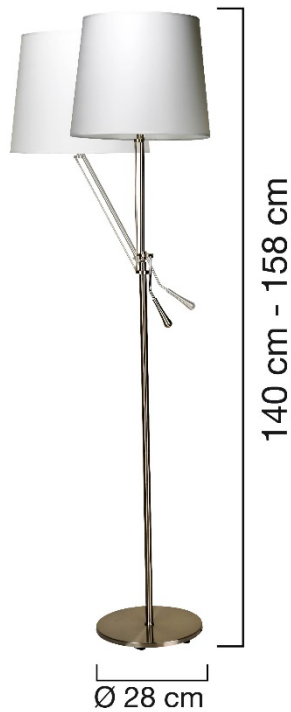

Delivered in a strong cardboard box.
